

Parent Update – We Remain In Tier 3

24 November 2020

Dear Parent/Carer

As you may be aware it was announced yesterday that Midlothian would remain in tier 3 until the next review and therefore all key health and safety guidance in relation to tier 3 remains in place in school.

The key health protection strategy that remains in place in school as a result of that announcement is that the wearing of face coverings in all senior phase classes (S4-6) remains in place unless a young person is exempt.

For more details of Tier 3 guidance please follow the link below to the Midlothian Council website homepage which will give further details.
